## About IIID

[Vision](#)
[Meet the Pastors](#)

The vision of 3D is to Connect, Equip, and Reach. Our mission is to love God and love people. Every area of service within 3D is about connecting you to God and with other young adults who are on the same journey as you. We want to equip you with the word of God to live out your purpose; and to give you opportunities to reach out to our community and around the world.
